**RULB LED Undercabinet CCT Shift**

Rayon Lighting’s All-in-One LED Undercabinet Color Temperature Shift allows for easy control between 2700K, 3000K or 3500K color temperature with a simple switch. This product may be used in hospitality, health care, commercial, retail, and residential applications. The RULB series will reduce energy consumption, emits little heat, and reduces cooling loads for added cost savings.
